

# Cosmetic Safety Policy

---

Our company is dedicated to improving the lives of those we serve through innovative and high-quality health and pharmacy services. That is why we are dedicated to staying abreast of new conclusive research related to cosmetic safety, to assessing findings that demonstrate a linkage between certain health and environmental risks and specific chemical ingredients used in beauty and personal care products, and to evaluating how these findings impact the products we sell.

## **We are committed to:**

- Providing our customers with innovative products from around the world that have been hand selected and tested to meet or exceed regulatory standards
- Building relationships with partners who educate us on scientific research and developments related to ingredients of concern in cosmetic products
- Continuously evaluating our CVS Brand and private label products based on new research findings
- Partnering with our cosmetic suppliers to ensure proper protocols are used to ensure cosmetic safety
- Developing action plans to replace ingredients of concern in our branded and private label products when safer alternatives are available and prompting similar action by our suppliers
- Educating consumers on our cosmetic safety standards and on product evaluation tools that will enable them to take an active role in maintaining good health
